

## Working at Alert Logic

### Be at the Leading Edge of IT

Alert Logic is in the middle of two of the hottest trends in IT: the adoption of cloud technologies and increased security and compliance requirements driven by an increasingly connected world. Alert Logic is uniquely positioned in this space by providing leading Software-as-a-Service products that are integrated with managed security services. In a typical month, Alert Logic processes over 100 million security events and stores petabytes of data for over 1,400+ enterprise customers.

### Grow With the Best

For the past several years, strong executive management, rapid business growth, and a commitment to employee development have created numerous opportunities for increased job responsibilities and career advancement. These exciting growth opportunities are attracting new hires from some of the biggest technology, software and energy companies to Alert Logic. The mix of high-caliber individuals, collaborative culture and “start-up” enthusiasm produces an environment that fosters creativity and excitement.

### A Great Place to Work

Alert Logic’s attractive offices are located in the Uptown Houston area and offer conveniences such as free freshly ground Starbucks coffee, subsidized soft drinks and snacks, free garage parking, and a healthcare benefits package that includes no-cost dental and vision coverage for employees and their dependents. There are also a number of company sponsored groups, such as Toastmasters, as well as a variety of technology user forums and meetings to foster peer development and networking opportunities. Employees also enjoy over four weeks of paid time off after their third year of employment. Additionally, employees are encouraged to participate and get involved in industry groups and associations to help be thought leaders and recognized experts in their field.

### Houston: A Dynamic Place to Live, Work and Play

Houston has reclaimed its title as energy capital of the U.S. and has added aerospace, technology and medical companies to the mix, generating more than 100,000 jobs over the last few years.

Not only does the Houston metro area lead the nation in job growth but its cost of living stands well below the national average. Housing prices run half of those in other metro areas its size.

- Ranked No.1 in Kiplinger’s *Best Cities to Live, Work and Play*.
- Houston, with 2.3 million residents, is the fourth most populous city in the United States, trailing only New York, Los Angeles and Chicago.
- Houston ranks first among the nation’s 10 most populous cities in total acreage of parkland and second, behind only San Diego, in park acreage per capita.
- Houston has the fourth largest museum district in the country, with 18 world-class museums within walking distance.
- Houston has 14 major institutions of higher learning.
- Houston is considered to have one of the best culinary scenes in the country, with cuisine from around the world. There are more than 8,000 restaurants in the Houston area, with culinary choices that represent more than 35 countries and American regions.
- Houston is home to the Texas Medical Center (TMC). With 49 member institutions, including M.D. Anderson Cancer Center (the No.1 cancer hospital in the country), it is the largest medical complex in the world.
- Houston has sports fever 12 months out of the year. The city boasts a team in nearly every major professional sport, including:
  - The Houston Texans – NFL
  - The Houston Astros – MLB
  - The Houston Rockets – NBA
  - The Houston Aeros – AHL (Hockey)
  - Houston Dynamo – MLS (Soccer)
